### Table tennis

Table tennis, also known as ping-pong, is a sport in which two or four players hit a lightweight ball back and forth across a table using small rackets. The game takes place on a hard table divided by a net. Except for the initial serve, the rules are generally as follows: players must allow a ball played toward them to bounce one time on their side of the table, and must return it so that it bounces on the opposite side at least once.

A point is scored when a player fails to return the ball within the rules. Play is fast and demands quick reactions. Spinning the ball alters its trajectory and limits an opponent's options, giving the hitter a great advantage.

### What is SHECODE?

SHECODE is a non-profitable student held hackathon to introduce young girls across india to coding through the experience of hackathon. It strives to inspire a new wave of Indian female coders to bring equality to the booming industry.

It is 2 days long hackathon in which girls would compete by showing their creativity towards technology. It aims to provide an avenue into the technology world by evaluating and assisting women developing technical skills.

For Registration: [Apply with Devfolio](#)
